

September 9, 2021

Dear Patients,

I am writing to inform you that I will be closing my practice and retiring from the medical profession on December 10, 2021.

Unfortunately, I have not been able to find anyone to take over my practice. While I am working with the Healthvue Clinic system and the Richmond Division of Family Practice to search for a physician to replace me, I cannot guarantee that one will be found.

Therefore, I would urge you to begin seeking another health professional to take over your care. Please visit the College of Physicians and Surgeons of British Columbia website, which provides a list of doctors accepting new patients, at www.cpsbc.ca/physician_search. You can also call them at 604-733-7758. Also consider using your personal network to find a physician; a family member or friend may be able to ask if their doctor is taking new patients.

Please advise Healthvue Medical Cambie once you have found a new family physician. After an authorization form has been signed by you, we will release the chart to that doctor without any charge.

The decision to leave medical practice has not been an easy one. It has been a great joy interacting with you and helping with your health care needs.

Thank you for allowing me the privilege to take care of you over the past two years. I wish you and your family all the best for the future.

Sincerely,

EDWARD WONG

Dr. Edward Wong
